Date

06/11/2019

Duration

1 Day

Glimpses of the Industrial visit to **Khandelwal Laboratories Pvt Ltd at Rudrapur, Uttarakhand** on **06th November 2019** for students of B.Pharm 4th and B.Pharm 3rd year organized by the Department of Pharmacy under the guidance and support of CRC Department, Placement Coordinator Ms. Maulshree Bhandari and Faculty of Pharmacy Mr. Abhishek Rai. Students found the trip very informative and learnt about the various antimicrobial formulations being prepared and the methods involved in it.

The students learnt from various section like:

- Raw material
- Method of preparation
- Instrumentations
- Quality control and Quality Assurance
- Packaging and sampling etc

It helped them to understand that theoretical knowledge is not sufficient, practical knowledge is equally important. This tour helped the students to witness the basic ethics to work in a pharmaceutical industry and also, they learnt about the scope of pharmaceutical industries under Pharmacy profession. The students also visited a religious place Nanakmatta after their industry visit.

We are highly thankful to the CRC Department for organizing such a wonderful visit. Also, we are thankful to the Naari Pharma Pvt Ltd and Khandelwal Laboratories Pvt Ltd at Rudrapur, Uttarakhand for providing their valuable time for our students and briefing all the details.
