

**Name of the Cell/Department:** The Responsible Invertian Club, Invertis University

**Academic year:** 2021-22

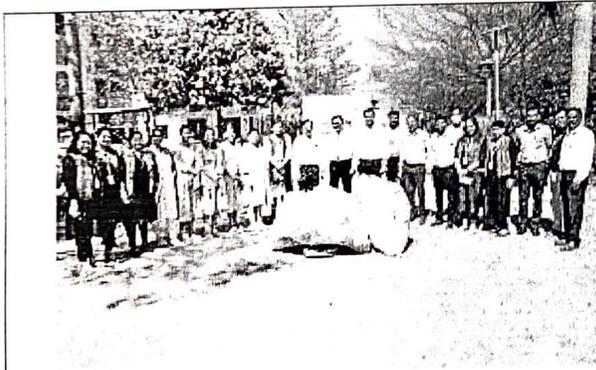

**Name of Event:** PLASTIC FREE CITY CAMPAIGN

**Date:** 10 August 2021

**Venue:** Invertis University, Bareilly

**Description:** Invertis University organized 'Plastic Free City Campaign', in which the students and faculty members participated to promote the environment by carrying out a campaign of collecting polyethene, wrappers and other thrown away garbage on roadside. The campaign was flagged off by the Vice-Chancellor of Invertis University. The campaign started from university and took place in different areas of city. It also promoted the message of banning polyethene bags.

The rally passed through various areas of the city spreading the message to save environment from further degradation. The students were carried banners and placards with messages to protect environment.

Plastic Collected by faculty and staff members

Booths for submitting plastic waste for further disposal
