

CLARA SWAIN MISSION HOSPITAL BLOOD BANK

Civil Lines, Bareilly

FDA LIC No. U.P./B & B.P./2012/10

Dear Mr. Anil Kumar
2/12/2012

On behalf of the Blood Bank of Clara Swain Mission Hospital, I would like to take this opportunity to express my appreciation and say a heartfelt "Thank you" to YOU the blood donor. You are the unsung hero of Bareilly who has quietly helped people in need.

When you took out time from your busy schedule to donate blood, it helped one of your neighbours, friends, family member or perhaps even YOU! They are the people who were recipients of the blood you donated. These people walk among us and they don't know that YOU were the one who helped them when they were in need. They could be chemotherapy patients, expectant mothers, and people with blood disorders or iron deficiencies, who need transfusions on a regular basis, newborn babies, surgery patients or trauma victims. One thing that they all have in common is that they really needed the blood which was available for them at their time of need.

It is for them that I am writing this letter. For the time that you spared, someone in need reaped the benefits of this sacrifice. Irrespective of the circumstances, blood is the revitalizing force, your donation helped to promote health and save lives. You can take pride in the thought that every time a life is saved, your kindness and dedication to the community was a part of it.

Once more, thank you for volunteering to donate blood and helping so many lives.

With regards,

Dr. Umesh Gautam
