Description:

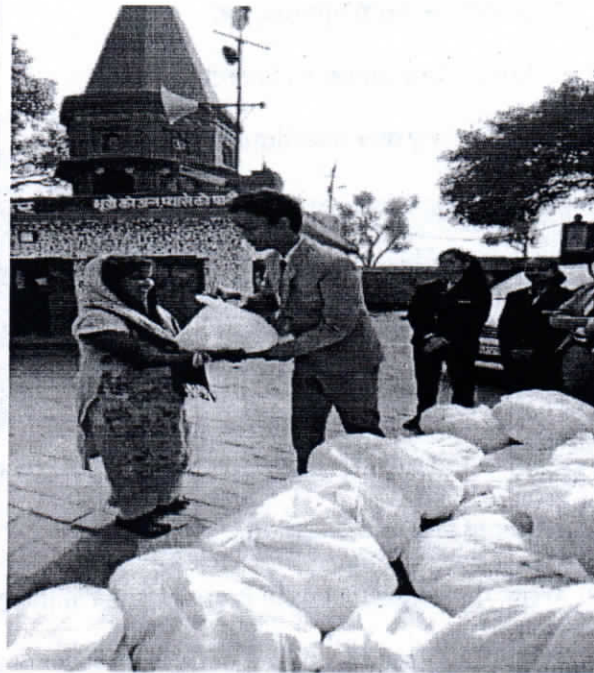

There is more happiness in giving than receiving. And The Responsible Invertian stands by this statement with all sincerity. The Club organised a Ration Donation Camp for disabled at a Leprosy Ashram on the occasion of International Day for people with disabilities which is marked internationally as the United Nations Event.

The primary objective of the Ration Donation Camp was to provide essential food supplies and necessities to the disabled residents of the Ashram. We believe that by offering these provisions, we not only alleviate their physical needs but also help improve their overall well-being

Witnessing the smiles and gratitude on the faces of those we served reaffirms our belief in the profound happiness and fulfillment that comes from giving back to our community. We believe that this event reflects our club's commitment to social responsibility and showcases our dedication to serving the underprivileged members of society.
