Dear Abhinav Solanki,

Welcome to the BYJU'S Career Portal! Thank you for showing interest in joining us in our venture to revolutionize learning.

Your user account has been successfully created and activated. Hurray!

About BYJU'S

India has the world's largest population of about 500 million in the age bracket of 5-24 years and this provides a great opportunity for the country's education sector, which is estimated at approximately \$100 billion.

BYJU'S is the world's most valuable EdTech company at \$12 billion and the creator of India's most loved school learning app which offers highly adaptive, engaging and effective learning programs for students in classes 1-12 (K-12) and competitive exams like JEE, NEET, CAT and IAS.

BYJU'S launched its flagship product, BYJU'S – The Learning App, for classes 4-12 in 2015. Today, the app has over 50 million registered students and 3 million annual paid subscriptions. With an average time of 71 minutes being spent by a student on the app every day from 1700+ cities, the app is creating a whole new way of learning through visual lessons. The Disney BYJU'S Early Learn App was launched in June 2019, a special offering from BYJU'S for students in classes 1-3 featuring Disney's timeliness characters. In early 2019, BYJU'S also acquired Osmo, a Palo Alto based maker of educational games to transform the whole offline to the online learning experience.

Delivering a world-class learning experience, programs from BYJU'S are making learning contextual and visual. The apps have been designed to adapt to the unique learning style of every student, as per the pace, size and style of learning. BYJU'S is paving the way for new-age, geography-agnostic learning tools that sit at the cross-section of mobile, interactive content and personalized learning methodologies. BYJU'S is also the official sponsor of the Indian Cricket Team.
