

# SHIV NADAR

INSTITUTION OF EMINENCE DEEMED TO BE  
UNIVERSITY  
DELHI NCR

Released: 5/12/2019

Academic Session 2019-20 Offer of Admission to M.Tech

Dear Km Gulnaz Ansari

Congratulations! I am delighted to inform you that you have been selected for admission to the M.Tech, Shiv Nadar University, Delhi-NCR.

At Shiv Nadar University, Delhi-NCR, we are continuously working towards expanding our community of like-minded individuals, who are driven by curiosity to expand the boundaries of known knowledge. We are delighted to welcome you to be a part of this community and look forward to the unique and extraordinary contributions you will make to the academic and extracurricular life of our campus.

To support the University's mission, the curriculum has been designed carefully to foster our students' ability to integrate critical thinking, interpretive skills, scientific exploration, hands-on experience, and normative principles into their worldview, in an active or participatory style of education, preparing them to shoulder the challenges of globally responsible and ethical leadership in the 21st Century.

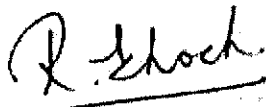

The University has an outstanding faculty drawn from the best of institutions globally, and has created 24x7 world-class infrastructure to facilitate the teaching-learning process, within and outside the classroom. We have reached a few milestones already. The UGC Inspection Report on the University in 2016 was exceptionally encouraging, and the detailed testimony covered all the aspects of functioning of the University. The University is among a select group of green-field institutions in the country which were awarded the prestigious Atal Incubation Center grant by the Niti Aayog, Government of India, in the very first round in 2017. In the National Institutional Ranking Framework (NIRF) of the Ministry of Human Resource Development (MHRD), Govt. of India, the University has been the youngest institution in the top 100 Overall list in 2016-17, 2017-18, 2018-19 and its NIRF score has been rising steadily. I am proud to share that the University has recently been chosen as one of the select ten private Institutions of Eminence (IoE) by the Government of India. Let me mention one more differentiator: the University provides a one-of-its-kind of opportunity to its students through its flagship Opportunities in which an student can work on a research problem under the mentorship of a faculty member from any Department across the University.

We at the University have stayed agile, and faced the challenges optimistically. Our courses, industry and academia talks, concerts and club activities have moved to different online platforms. All our faculty and staff are mobilized around a single objective: ensuring the continuity of teaching and learning of our students while keeping their health, wellness, and career opportunities in mind.

The tentative starting date of the Monsoon-2019 Semester is 18 August 2019. The exact date will be informed through the registered email in the first week of August.

We are confident that in the coming weeks, you will use your time to learn more about us and our unique multidisciplinary curriculum, our focus on research and innovation, and our beautiful residential campus.

I look forward to welcoming you to the University, and wish you the very best.

Prof. Rupamanjari Ghosh,

Vice-Chancellor
