

**Name of the Cell/Department:**Biotechnology

**Academic year:** 2020-21

**Name of the program:** Bon Voyage

**Date:**02/04/2021

**Venue:** Seminar hall 1

The Biotechnology Department of [Institution Name] organized a spectacular Freshers Party with cultural events on 2nd April 2021. The event, named "Bon Voyage," aimed to welcome the new batch of students and provide them with a memorable introduction to the vibrant college life that awaited them.

The event was held at Seminar Hall 1, which was adorned with colourful decorations and a captivating stage setup. The atmosphere was filled with excitement and anticipation as the students, both freshers, and seniors gathered to celebrate the commencement of the new academic year.

The coordination of the event was led by Ms. Ashal Ilyas, who worked tirelessly along with the event organizing team to ensure the evening turned out to be a grand success. The planning and execution of the cultural events showcased the team's dedication and creativity.

The cultural events lineup featured a wide array of performances that included dance, music, drama, and interactive games. The talented students from various batches participated enthusiastically and put on exceptional performances that mesmerized the audience.

The dance performances featured a mix of traditional and contemporary styles, highlighting the diversity and unity among the students. The musical segment was equally enthralling, with melodious solo and group performances, displaying the musical talents within the Biotechnology Department.

To engage the freshers and provide them with a chance to showcase their talents, interactive games were organized. These activities encouraged participation, fostering a friendly and welcoming environment for the new students. As a part of the "Bon Voyage" theme, the event also included a farewell ceremony for the outgoing students. Heartfelt speeches, shared memories, and emotional moments made the farewell a bittersweet affair, cherishing the bonds that had been formed throughout their academic journey.

The evening was truly unforgettable, as it allowed the students to forge new friendships, create lasting memories, and feel a sense of belonging to the Biotechnology Department and the college as a whole.

In conclusion, the Freshers Party with cultural events, "Bon Voyage," organized by the Biotechnology Department for the academic year 2020-21, was a roaring success. It not only served as a platform for showcasing talents but also played a pivotal rôle in fostering a sense of unity and camaraderie among the students. The event will undoubtedly remain etched in the memories of all those who were part of this joyous celebration.
