

**Invertis University**  
**NH-24, Bareilly-243123, U.P.**

**Name of the Cell/Department:** IQAC

**Academic year:** 2020-21

**Name of the program:** FDP on "Choice Based Credit System: Concept, Policy and Practice"

**Date:** 19-24 April 2021

**Venue:** Zoom Video Conferencing

**Description:**

The IQAC cell of Invertis University, Bareilly, in collaboration with IAAM (International Association of Advanced Materials) Sweden, organized a highly informative and engaging Faculty Development Program (FDP) on the topic "Choice Based Credit System: Concept, Policy and Practice." The event took place online from 19th to 24th April 2021. The FDP aimed to provide participants with a comprehensive understanding of the Choice Based Credit System (CBCS) and its implementation in the higher education system.

The FDP featured renowned guest speakers, Dr. Ashutosh Tiwari, Director of IAAM Sweden, and Dr. Anshuman Mishra, Group Leader at IAAM Sweden. Their expertise and insights in the field of advanced materials greatly enhanced the value of the event. Their presentations and interactive sessions provided participants with valuable knowledge and perspectives on the CBCS framework, its conceptual foundations, policy guidelines, and practical implementation. The event offered a platform for participants to engage in thought-provoking discussions, exchange ideas, and learn about the best practices and strategies associated with the CBCS.

A total of 110 participants benefited from this event. The list of programs included in this event was inaugural session, talks by guest speakers, Q&A session summarization, concluding remarks, valedictory address and vote of thanks. At the end of the program the convener has taken the feedback from the participants and the key takeaways from the feedbacks are: Enhanced understanding of the Choice Based Credit System and its relevance in the context of higher education; Practical strategies for designing student-centric curricula and implementing effective assessments; Insights into innovative teaching and learning methodologies suitable for the CBCS framework.
