**NH-24, Bareilly-243123, U.P.**

**Name of the Cell/Department:** Department of Biotechnology

**Academic year:** 2020-21

**Name of the program:** One day online Workshop "Art of effective teaching through online mode"

**Date:** 24-08-2020

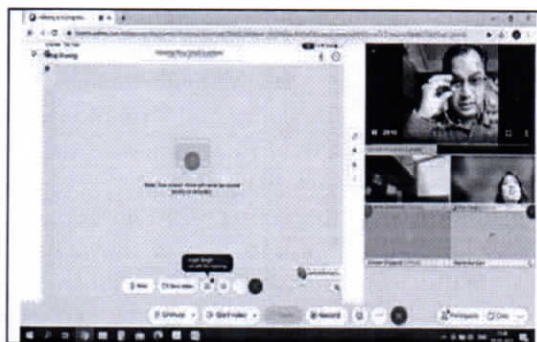

**Venue:** Webex

**Description:**

The Department of Biotechnology is delighted to present a one-day online workshop titled "Art of Effective Teaching through Online Mode" on 24th August 2020. This workshop aims to provide educators in the field of biotechnology with valuable insights and techniques to enhance their teaching effectiveness in online learning environments.

The workshop featured Dr. Kishore Shende, Information Officer at Barkatullah University, as the esteemed guest speaker. With his extensive experience in online education, Dr. Shende shared his expertise and innovative teaching methodologies with the participants. Throughout the workshop, participants delved into various aspects of online teaching, including the principles of instructional design, interactive teaching methods, effective utilization of multimedia, strategies for student engagement, and assessment techniques. The sessions combined theoretical knowledge, practical examples, and case studies to offer a comprehensive learning experience.

A total of 143 participants benefited from this event. The list of programs included in this event was inaugural session, talks by guest speaker, Q&A session summarization, concluding remarks, valedictory session, and vote of thanks. At the end of the program the convener has taken the feedback from the participates and the key takeaways from the feedbacks are: Participants gained a deeper understanding of instructional design principles for online teaching, they acquired effective strategies to engage students in online learning environments, Participants became familiar with various tools and technologies for creating interactive online teaching materials. Overall, the workshop successfully empowered participants with essential skills and knowledge to deliver engaging and effective online teaching experiences in the field of biotechnology.
