Course Code AG -01

**Course Name- Professional Etiquettes
(36 hours)**

- Fosters a professional environment.
- Generates a base level of mutual respect.
- Improves communication between employees.
- Creates a baseline for interaction with those of other cultures.
- Improves your business image.

Module 1. 12 Hours

Workplace Courtesy: Everyday courtesies include holding the door for the person behind you, privately and publicly thanking colleagues who help you, encouraging your co-workers, and treating others as you would like to be treated. Neglecting these courtesies can damage your relationships, cause hurt feelings, and lead to misunderstandings that are difficult to repair. In this unit, we will explore workplace manners and the positive behavioral qualities most employers seek in their employees.

Module 2. 12 Hours

Workplace Communication: Employees are regularly expected to interpret information correctly and communicate with their colleagues, customers, and clients in a respectful manner. Effective communication can increase motivation and create a positive work environment. Even so, one of the leading causes of conflict in the workplace is a lack of adequate or clear communication. Miscommunication can arise from a number of sources, including poor listening skills, misinformation, and misinterpreting verbal, nonverbal, and virtual messages. In this unit, we explore ways to avoid communication errors, since they can lead to disastrous results if left unrecognized and unchecked.

Module 3. 12 Hours

Diversity in the workplace: Organizations that encourage their employees to share new and creative ideas to get a competitive edge. Practices that foster diversity and inclusion increase employee satisfaction by making everyone feel like a valuable member of a team working together toward a common goal. Bringing people who have different ideas and experiences together creates a diverse community that can harness the talents of each individual for the good of the whole. While many companies have a diverse workforce, it takes effort and understanding to create an inclusive environment where everyone feels like they are valuable and appreciated. In this unit, we explore diversity and inclusion in the workplace.
