On reaching the company, **APPWARS Technologies Pvt. Ltd, NOIDA** representative **Mr. Saurabh Singh** guided the students about the company's tasks and performance.

During the visit, the students visited various production and development units. They were also given a demonstration of both Software Development and maintenance departments. They were guided about the process imitating from the step of pre-processing of raw data to processed data.

Overall, the industrial visit supplemented and enhanced classroom learning and getting hands on technical knowledge.

We extend our deep gratitude to **Mr. Sachin Kumar (MD, APPWARS Technologies Pvt. Ltd, NOIDA.)**, employees and staff who helped us in making the visit comfortable. The visit proved to be fruitful under the guidance of **Prof. YDS Arya (Vice Chancellor)**, **Dr. Manish Gupta (Dean Management)** and **Dr. Jitendra Chaudhary (HOD, Computer Applications)**. Also we extend our heartfelt thanks to **Mr. Sarathi Gouda (Director, Corporate Relations)** for arranging such knowledge seeking visit.

Objective of Industrial visit-

1. Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices.
2. It gives the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms.
3. Industrial visit grant the students a great opportunity to interact with industries and know more about industrial environment.
4. Industrial visits are arranged by university for their respective students with an objective of providing them an opportunity to explore the different industry sectors like IT, manufacturing, services, finance and marketing.
5. Industrial visit helps students to combine their theoretical knowledge of business operations with the practical knowledge of its actual functioning.
6. Industrial realities are opened to the students through industrial visit.

Outcome of Industrial visit-

- i. This industrial visit helps the students to visualize (and the application of) various processes they have studied.
