

Name of the Cell/Department: Electronic and Electrical Engineering

Academic year: 2021-22

Name of the program: Heaven

Date: 29/10/21

Venue: Seminar Hall 2

Description: The students of Electronic and Electrical Engineering organized a Freshers' Party "Heaven" on 29/10/21 to welcome the Batch 2021. The purpose of the Freshers Party was to make every new student feel connected as an integral part of the Invertis family.

Students started out by wishing the Faculty Members. Jovial smiles and high spirits marked the welcome party for the new students. The theme of the party was fairyland and the decoration was in blue and white colour. The party was organised at Seminar hall 2. It manifested youth and enthusiasm at its best.

The event began with the auspicious lamp-lighting ceremony and prayers to Goddess Sarasvati. The occasion was graced by the presence of the Vice Chancellor, Dean Engineering, Heads of Engineering departments, and all faculty members and students of Electronic and Electrical Engineering.

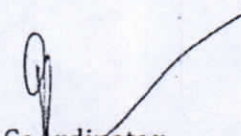

The Vice-Chancellor, Prof. YDS Arya inaugurated the Event by welcoming the students through his motivational speech.

Vivacious ambience, flashing lights and foot-tapping music set the mood of the party right. The excitement augmented to a joyful high as performances graced the stage.

Freshers' party is all about creating everlasting relationships with each other. The event is an indication of union among the students.

The surprise element of the Event was a Cake Cutting Ceremony organised by the students for all the faculty members. All awards were given by the jury to the respective students, with the trophies to all, including sachets and gifts for Mr. and Mrs. Fresher along with the trophies.

Finally, the vote of thanks was given by Mr. Arun Kumar Gangwar, HOD EE. The entire event was covered by the BJMC team with their excellent photography skills.
