Press Note

Name of the Program: One day webinar
Navigating Quality Challenges in Education

Date: 07 April 2023

The Faculty of Engineering and Technology at Invertis University, Bareilly, organized a highly informative and engaging one-day webinar on the topic of "Navigating Quality Challenges in Education" on April 7, 2023. The event was attended by educators, researchers, and administrators from various educational institutions, fostering a rich exchange of ideas and insights. Dr. Kishore Shende, a distinguished academician, and Information Officer at Barkatullah University, delivered a thought-provoking keynote address. He provided a comprehensive overview of the challenges and opportunities in the realm of education quality. The webinar featured interactive discussions where participants actively engaged with Dr. Shende. These discussions covered a broad spectrum of topics, including the role of technology, accreditation processes, and innovative teaching methodologies. Participants found the practical solutions and best practices shared by educators and professionals to be particularly beneficial. They noted that these real-world examples could be applied in their own educational institutions. Feedback indicated that the topics discussed were highly relevant to the current challenges faced by educational institutions. Participants felt that the webinar addressed critical issues in education quality.
