

Curricula developed /adopted have relevance to the local/ national / regional/global developmental needs with learning objectives including program outcomes, program specific outcomes and course outcomes of the entire program offered by the University.

As per University Regulations major review of the curriculum takes place every three years and minor review may take place as per the changes in regulatory requirements and industry needs.

The curricula developed/adopted have relevance to the regional/national/global developmental needs with well-defined and informed learning objectives and outcomes at the course level.

Review of courses and programs is done in consideration with following:

1. Industry trends and feedback to identify new demands of industry.
2. Norms/Requirements and standards of relevant statutory, regulatory and accreditation bodies.
3. Structured feedback from students, alumni, employers and experts from academia, industry and research through course/programme review feedback Analysis of current trends in market.
4. Consultation with the members of Board of Studies and Academic Advisory Board Benchmarking with reputed national/international institutions/Universities

In order to have the right mix of curriculum, pedagogy, and assessment to achieve the desired outcomes, curriculum development and approval involves deliberations at various levels through relevant committees.

The recommendations of these committees are put up to the Board of Studies to consider program structure, curricula, and syllabi.

Experts from industry and academia are engaged in developing graduate attributes, educational objectives and learning outcomes for courses and programs keeping in mind the latest trends in education and changing requirements of the industry.

1. Review of Courses

The Course Review Committee (CRC) is constituted to review the courses. CRC of 3-4 faculties takes feedback of internal and external subject experts including feedback of all course faculties of campuses to define/review the course objectives, contents, learning outcomes and assessment tools and put up the recommendations to Board of Studies/ Academic Council.

2. Review of Programmes

The Programme Review Committee (PRC) of 3-4 faculties analyzes the feedback of all stakeholders and industry requirements to develop programs in line with local/global needs. PRC defines program educational and operational objectives, program structure semester-

wise, learning outcomes, assessment plan, competencies required by the industry/profession, and career opportunities. Recommendations of PRC are put up to “Board of Studies”

The recommendations of BoS along with detailed program structure including objectives, outcomes, and assessment plan for courses and programs are further put up for the approval of the Academic Council.

University also offers industry-led/regional need-based programs in collaboration with various industry partners.

University also offers a number of industry-led skill-based courses in collaboration with industry.
