WELCOME

TO

THE FIFTH MEETING

OF

EXECUTIVE COUNCIL

JULY31, 2018 at 11:30 AM

INVERTIS UNIVERSITY
Fifth Meeting of the Executive Council

Item No. 18.E.C.5.12: Any other item with the permission of the Chair.

Issue of ERP software and efficient use of e-governance.

Invertis University from its very beginning has been known as a leader in the use of technology for the improvement of quality. ERP and ERP related software has been in practice from its very inception in 1998. However, in recent times it has been noticed that an upgradation in the existing ERP is needed to cater the requirements of fast changing technology and technology driven education system.

The management suggested to start a search for a better and comprehensive ERP that could fulfil the requirements of present as well as future. The management advised to look for renowned software companies like TCS, Microsoft, etc, and get their proposal and arrange for a demonstration with the dignitaries.

The management also directed to finalise a good and quality software as soon as possible so that it could be implemented from the next year.

The management also advised to ensure the availability of all the components of e-governance (data centre, network and Internet issues, Wi-Fi connectivity, LCD Projectors) for the students, faculty and staff in order to increase efficiency, transparency and participation of stake holders.

Santosh.
